Week 03 — Linear Models and GLM's

> 💡 Reflection Prompts
>
> 1. **My research question is (one sentence):**
>
> 2. **My response variable is:** (circle one or write your own)
>
>   - Continuous measurements
>   - Counts
>   - Binary (yes/no, presence/absence)
>   - Proportions
>   - Categories
>   - Other: _____
>
> 3. **My data structure includes:** (check all that apply)
>
>   ☐ Repeated measures on the same units
>   ☐ Multiple sites/plots/locations
>   ☐ Time series
>   ☐ Nested structure (e.g., plants within plots within sites)
>   ☐ Just one observation per unit
>   ☐ Other: _____
>
> 4. **One worry I have about analyzing my data:**
